## EBUT Lab Checklist Assignment 4

## Summer Term 2018

Tandem No.: Date:

| Test Area      | Test  | Result | ToDos | Points  |
|----------------|---|--------|-------|---------|
| Server:        | Validation: Not XML                         |        |       |         |
| Import Service | -> Application Feedback (Error Message)     |        |       | 0,50    |
| Server:        | Validation: Not WF XML                      |        |       |         |
| Import Service | -> Application Feedback (Error Message)     |        |       | 0,50    |
| Server:        | Validation: Not Valid XML                   |        |       |         |
| Import Service | -> Application Feedback (Error Message)     |        |       | 0,50    |
| Server:        | Supplier not in DB                          |        |       |         |
| Import Service | -> Application Feedback (Error Message)     |        |       | 0,50    |
| Server:        | Valid XML; DB ok; Supplier in DB            |        |       |         |
| Import Service | -> Import successful?                       |        |       |         |
|                | -> Update Semantics?                        |        |       | 2,00    |
|                | -> Application Feedback (Status Message)    |        |       |         |
| Server:        | Export XML all                              |        |       |         |
| Export Service | -> Correct / Valid XML?                     |        |       | 1,00    |
| Server:        | Export XML selective                        |        |       |         |
| Export Service | -> Correct / Valid XML?                     |        |       | 1,00    |
| Server:        | Export XHTML all                            |        |       |         |
| Export Service | -> Correct / Valid XHTML?                   |        |       | 1,00    |
|                |   |        |       | , , , , |
| Server:        | Export XHTML selective                      |        |       |         |
| Export Service | -> Correct / Valid XHTML?                   |        |       | 1,00    |
| Test Client    | Test Cases implemented for import service   |        |       |         |
| . 551 0110111  | Total decod implomonion for import del vide |        |       | 2,00    |
|                |   |        |       | 2,00    |
| Test Client    | Test Cases implemented for export service   |        |       |         |
|                |   |        |       | 2,00    |
| Result         |   |        |       |         |

| General Notes / Notes on implementation (Architecture, recimology, etc.) |  |  |  |  |  |
